152 LAGER

Using the finest Canadian malt, German hops and aged in our cellar for 6 weeks, this beer's exceptionally clean and refreshing. It is our lightest in flavour and alcohol. It takes longer to make this beer, but it is worth it once you taste it.

SEASONAL BEERS

Our brewmaster regularly experiments with new beer styles. As seasons change so does the brew. Ask your bartender or server for our current seasonal beers. We will surprise you with our ability to brew great beer from around the world right here.

The Big Ridge Brewing Co. is a 'brew pub', where each week the finest lagers and ales produced in time honoured, handcrafted tradition, are served fresh to you. In addition to our flagship brews, we take pride in brewing a variety of fine seasonal and specialty beers. 🌟 Our menu features a fine selection of traditional comfort food and wok prepared dishes. As with our beers – only the best and freshest ingredients are used. 🌟 Since 1999 we have been dedicated to fostering the tradition of the neighbourhood pub. We strive to create a place where friends and family can meet, make new acquaintances and just escape the daily grind for awhile. We hope you enjoy our establishment and return soon. Please let us know if there is any way we can serve you better.

BEER PROGRAM

Our talented brewers keep a number of rotating taps that offer up the freshest beer of the season in small and unique brews. You will see the "In The Tanks" section of our chalkboards to read what we have coming your way. Visit us again at this location or follow us on Twitter + Instagram at @BigRidgeBrewing and on facebook.com/Big-Ridge-Brewing-Co to keep up to date on all our "growler-available" beer.
